

# Schools CSO Update

December 2019

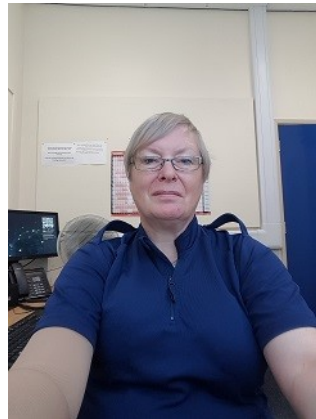

Future Topics will include:

- ◆ School issues
- ◆ Community issues
- ◆ Anti-Social Behaviour
- ◆ County Lines
- ◆ CSE and CCE
- ◆ Drugs
- ◆ Hate Crime

I will also let you know of any activities or events that your children can get involved in during and after school hours.

## New Face in School

Hello and welcome to my first newsletter. There will be a new newsletter every month.

I'm Community Support Officer 33 Pauline Lohfink and I am the new Schools CSO for Torfaen.

As part of my role I will be attending all secondary schools on a regular basis to engage with pupils, staff and parents in order to provide an accessible and positive support network for the young people in the school and wider community.

My work will include creating and maintaining Behaviour Support Panels in every school which will look at low level issues during school hours ie disruptive behaviour. If you would like further information on the Panels please contact me and I'll gladly send you the details.

I will also be holding regular surgeries for the pupils to attend and will be conducting youth surveys with the help of the new Torfaen Youth and Policing Panel members, that will inform future policing plans, activities and opportunities for development outside of school. I very much believe in consulting with young people about their needs and wants and not making assumptions!

I look forward to working with your children to make school a safe and positive place to be.
